

№3- 398

19.08.2019

To Ms. Helena Laurent
Director General
Consumers International

Subject: Warning about an unsafe product!

Dear Ms. Laurent,

Center for Strategic Research and Development of Georgia ordered Eurofins WEJ Contaminants (Germany) laboratory testing of food products for the content of illegal dyes. In one of such products a dye Sudan I was detected. A producer excludes such a possibility and distributed an official statement that it is going to send the product for export to different countries. National Food Agency of Georgia started to investigate the issue. Despite of this, in order to minimize a risk of consumption of the product by consumers worldwide, we feel obliged to inform you about the product for distribution of this warning in the network of Consumers International. Please find the description of the product below:

Product name: Tkemali, Georgian Classical Red Sauce.

Producer: LLC GSK Kula, Georgia.

Production date: 08.04.2019.

Please find attached

- A copy of the laboratory testing report.
- Product photos.

Sincerely,

Vakhtang Kobaladze

Consumer Rights Program Coordinator
